Charitable Giving Incentive for 2025
Ways to increase your impact

Colorado Charitable Contribution Subtraction

Save on your Colorado taxes even if you claim the standard deduction on your federal taxes.

- Subtract your total qualifying charitable donations less \$500.
- Example: If you gave a total of \$1500 in charitable contributions, you can subtract \$1,000 from your Colorado taxable income

Charitable IRA Rollover

Avoid taxable income on IRA required minimum distributions.

- If you are 70 ½ and older, give directly from your IRA

Double Your Donation

Your employer might double or even triple your donation – increasing the impact of your gift!

- Check with your employer to see if they have a matching donation program

Restrictions may apply.

Please consult a tax professional for individual guidance.

Find out more creative ways of giving, like planned giving and giving stocks, to maximize your donation and impact!
